

# Fire Away

Niall Horan

You keep saying that you're alright  
But I can see it through  
Your fake smile  
You're alone  
There's a reservoir in your eyes  
That you've been holding  
Back a long time  
What's wrong

Darling you don't have to hold it  
You don't have to be afraid  
You can go ahead and unload it  
'Cause you know I'll be OK  
Fire away  
Fire away

You hold me close but at a distance  
Thinking I don't ever listen  
But I do  
I know sometimes it gets confusing  
You might be lost but I ain't losing you

Darling you don't have to hold it  
You don't have to be afraid  
You can go ahead and unload it  
'Cause you know I'll be OK

Fire away  
Fire away  
Fire away  
Fire away

And I hope it stayed in your head  
When you're losing your grip  
That even if I don't understand  
You can talk to me

Fire away  
Fire away  
Oh, fire away  
Fire away  
Fire away
