

## Waterfall Flow

Niceland

As long as water grows on the shore  
I've been here before  
Those sounds that make you old  
We're grown  
'Cause we  
Flow  
Like a waterfall  
Up on methadone  
We've blown all the faces off  
We sew  
All our clothes together  
We spin the bottle off the bar  
And you  
You make me drink alone

'Cause we  
Flow  
Like a waterfall

This sense of your  
Humor I don't get  
But I'm laughing after all  
And at the end of a day  
I know  
I've been here before
