

Finally Free

Nichole Nordeman

No chain is strong enough
No choice is wrong enough
No mountain is high enough
That He can't climb

No shadow dark enough
No night is black enough
No road is lost enough
That He can't find

And if the Son has set us free
Then we must be free indeed
Let the chains fall away
Starting today
Everything has changed
I'm finally free

No pain is deep enough
No heart can bleed enough
Nothing but Jesus's love
Can make a way
