End of Forever

Nick Carter

Runnin' from all the situations
Ya mess me up, bring me down
I'm waitin' for the right moment
To lift me up, let you in my life, yeah
Don't wanna live inside without your love
Cuz no one else can make me feel this way

To love me, is gonna take a lot
I can't wait til the end of forever
Lead me, ain't nothin gonna stop
Could it be tonight, or til the end of forever, oh yeah

Drivin' on a runaway freeway
It's killin' me, I know it's eatin you
Oh, dreamin' so we can go there
All we need is you to show me the way, oh yeah
Can you see the fear of tears in my eyes
I know you feel me baby, I gotta make you mine, yeah

To love me, is gonna take a lot
I can't wait til the end of forever
Lead me, ain't nothin gonna stop
Could it be tonight, or til the end of forever

All my life I've been waiting for a sign to show me
To lead me to the other side

To love me, is gonna take a lot
I can't wait til the end of forever
Lead me, ain't nothin gonna stop
Could it be tonight, or til the end of forever

To love me, is gonna take a lot
I can't wait til the end of forever
Lead me, ain't nothin gonna stop
Could it be tonight, or til the end of forever
