

Man On The Moon

Nick Carter

Moooooooooon...

If I had a magic wand
I would go back in time
I'd be your Jimmy Dean
And you'd be my Marilyn wife
I'd go up, up, up with you
I'd go up, up, up with you
I'd be your man on the moon
I'd be your man on the moon

If I had a rocket ship
I'd circle around the sun
Caught up in your angel kiss
Where we'd be forever young
I'd go up, up, up with you
I'd go up, up, up with you
I'd be your man on the moon
I'd be your man on the moon

Let's not wake up
Dreams can take us
Anywhere we wanna be
We can make believe
You and me

If I had a rocket ship
I'd circle around the sun
Caught up in your angel kiss
Where we'd be forever young
I'd go up, up, up with you
I'd go up, up, up with you
And I'd be your man on the moon
Yeah I'd be your man on the moon
I'd be your man on the moon
