

Maybe it's the leather, or something in my drink  
But you're a chili pepper, the way you're burning me  
Just take it off tonight, uh baby  
Sexy electric lights

Girl I want it all, running down my body like a waterfall  
Go on drip it on me, lick that,  
Look in your eyes when I'm touching your thighs  
Baby all over me  
Taking a ride, till we slip and you slide  
Baby turn up the heat  
So wet, so wet

I do a double feature, I'm going back to back  
Up and down and bleaches, round and round the track  
Just take it off tonight, uh baby  
Sexy electric lights

Girl I want it all, running down my body like a waterfall  
Go on drip it on me, lick that,  
Look in your eyes when I'm touching your thighs  
Baby all over me  
Taking a ride, till we slip and you slide  
Baby turn up the heat  
So wet, so wet

I'm drowning in your love, baby  
So wet  
I'm drowning in your love  
So wet  
I'm drowning in your love, baby  
So wet  
I'm drowning in your love  
So wet

Girl I want it all, running down my body like a waterfall  
Go on drip it on me, lick that,  
Look in your eyes when I'm touching your thighs  
Baby all over me  
Taking a ride, till we slip and you slide  
Baby turn up the heat  
So wet, so wet
