

The Hammer Song

Nick Cave & The Bad Seeds

Oh please don't send me out
Said the man with the hammer, hammering the anvil
I been walking on a road of rocks
And I keep on hammering, keep on hammering, keep on hammering,
Hammering the anvil

Don't let the sun go down
Said the man with the fire, firing the furnace
I been buried in the snow
And I keep on firing, keep on firing, keep on firing,
Firing the furnace

Oh don't talk to me
Said the man with the chisel, chiseling the surface
I been sleeping far too long
And I keep on chiseling, keep on chiseling, keep on chiseling,
Chiseling the surface

I don't know what you mean
Said the man with the shovel, shoveling the ashes
I been digging in the frozen ground
And I keep on shoveling, keep on shoveling, keep on shoveling,
Shoveling the ashes

Chiseling the surface
Firing the furnace
Hammering the anvil
Hammering the anvil
Firing the furnace
Chiseling the surface
Shoveling the ashes
Hammering the anvil
Hammering the anvil.....
Oh don't talk to me
