

## The Hammer Song

Nick Cave & The Bad Seeds

Oh please don't send me out  
Said the man with the hammer, hammering the anvil  
I been walking on a road of rocks  
And I keep on hammering, keep on hammering, keep on hammering,  
Hammering the anvil

Don't let the sun go down  
Said the man with the fire, firing the furnace  
I been buried in the snow  
And I keep on firing, keep on firing, keep on firing,  
Firing the furnace

Oh don't talk to me  
Said the man with the chisel, chiseling the surface  
I been sleeping far too long  
And I keep on chiseling, keep on chiseling, keep on chiseling,  
Chiseling the surface

I don't know what you mean  
Said the man with the shovel, shoveling the ashes  
I been digging in the frozen ground  
And I keep on shoveling, keep on shoveling, keep on shoveling,  
Shoveling the ashes

Chiseling the surface  
Firing the furnace  
Hammering the anvil  
Hammering the anvil  
Firing the furnace  
Chiseling the surface  
Shoveling the ashes  
Hammering the anvil  
Hammering the anvil.....  
Oh don't talk to me
