

## There Is a Town

Nick Cave & The Bad Seeds

There is a town  
Where I was born  
Far far away  
Across the sea

And in that town  
Where I was born  
I would dream  
That one day  
I would leave  
And cross the sea

And so it goes  
And so it seems  
That God lives only in our dreams  
In our dreams

And now I live  
In this town  
I walk these dark streets  
Up and down, up and down  
Under a dark sky  
And I dream  
That one day  
I'll go back home

And so it goes  
And so it seems  
That God lives only in our dreams  
In our dreams
