

## If You Leave Me

Nick Drake

Believe me, pretty mama  
Better not treat me right  
Just have to forget you  
After tomorrow night

Believe me, pretty mama  
Better take your picture too  
Don't want to remember  
What a good looking girl can do

Don't send me no letter  
Don't write me no postcard  
Thinking about you, baby  
Makes it twice as hard

Believe me, pretty mama  
Better not treat me right  
Just have to forget you  
After tomorrow night

Well I'm sitting here  
On the sudden  
Watching the trees go by  
My baby, at the end of the depot  
Lay me down and cry

Believe me, pretty mama  
Better not treat me right  
Just have to forget you  
After tomorrow night
