

# Howl at the Moon

Nick Fradiani

We choose to live in the moment  
It's not easy, ya know it  
But tonight, we're gonna own it  
Because we're born to be alive

So we drink and we dance  
We love while we can  
And let the haters know  
There's no need to fight  
Time's short in this life  
So raise your glass and toast

Cheers to life, cheers to the world  
Nights with friends and beautiful girls  
Leave your troubles for the morning light  
And while the stars are bright  
Howl at the moon  
Howl at the moon

This bar is our kingdom filled with damsels and women  
If they play party songs, we're gonna sing them  
As we drink the bottles dry

So cheers to life, cheers to the world  
Nights with friends and beautiful girls  
Leave your troubles for the morning light  
And while the stars are bright  
Howl at the moon  
Howl at the moon

So we drink and we dance  
We love while we can  
And let the haters know  
There's no need to fight  
Time's short in this life  
So raise your glass and toast

Cheers to life, cheers to the world  
Nights with friends and beautiful girls  
Leave your troubles for the morning light  
And while the stars are bright  
Howl at the moon  
Cheers to life, cheers to the world  
Nights with friends and beautiful girls  
Howl at the moon  
Leave your troubles for the morning light  
And while the stars are bright  
Howl at the moon  
Howl at the moon
