

# Chainsaw

Nick Jonas

I'll take a chainsaw to the sofa  
Where I held your body close for so long, so long

Walk in the house, lights are off  
In the closet by the door, there's your coat  
I wasn't thinking of you before  
Too many rooms in this house, so I keep going out  
What the hell is that about?  
We gotta find a way to be okay

And maybe I'll just take a chainsaw to the sofa  
Where I held your body close for so long, so long  
I'm gonna break the fucking china  
Cause it's just one more reminder you're gone, you're gone

When I get home, TV on  
Drink in my glass, better make it strong  
Some nights wanna fill this space  
A tight dress and a pretty face  
Keep finding things that you left on purpose  
Did you plan that your timing's perfect?  
Gotta find a way to be okay

Maybe I'll just take a chainsaw to the sofa  
Where I held your body close for so long, so long  
I'm gonna break the fucking china  
Cause it's just one more reminder you're gone, you're gone

We were building brick by brick  
Now it's just a quicksand home, yeah  
So I'll take a chainsaw to the sofa  
Where I held your body close for so long, so long

Ooh I could put a sign in the lawn  
But it'd mean that I would wanna let you go  
And I don't wanna let you go  
I could put a sign in the lawn  
But it'd mean that I would wanna let you go  
And I don't wanna let you go

I'll take a chainsaw to the sofa  
Where I held your body close for so long, so long  
I'll burn everything that binds us  
Take a lighter to the mattress you're on

We were building brick by brick  
Now it's just a quicksand home, yeah  
So I'll take a chainsaw to the sofa  
Where I held your body close for so long, so long  
Yeah, so long
