

Warning

Nick Jonas

I keep trying to escape
From this cage that I live in
This prison in my head
Oh I own many mistakes
From all the things I never did
I carry my defense
Now I'm running for the fences on my own

And I can see the warning
Yeah I can see the warning, warning
It's brighter than the morning, morning
Keeps trying to turn me right around
And it's all I ever wanted
It's all I ever wanted, wanted
I'm breaking the warning down, down

I, I got something inside
Keeps burning my body til it's sore
Keeps wanting more and more
Oh and I, I'm gonna find
I'm gonna find what I have lost
Unlearn what I was taught
Now I'm running for the fences on my own

And I can see the warning
Yeah I can see the warning, warning
It's brighter than the morning, morning
Keeps trying to turn me right around
And it's all I ever wanted
It's all I ever wanted, wanted
I'm breaking the warning down, down

I'm breaking the warning (I'm breaking the warning)
I'm breaking the warning (I'm breaking the warning)
I'm breaking the warning down
Now I'm running for the fences on my own

And I can see the warning
Yeah I can see the warning, warning
It's brighter than the morning, morning
Keeps trying to turn me right around
And it's all I ever wanted
It's all I ever wanted, wanted
I'm breaking the warning down, down

I'm breaking the warning
(Yeah I can see the warning, warning
It's brighter than the morning, morning)
I'm breaking the warning
(Keeps trying to turn me right around
And it's all I ever wanted)
I'm breaking the warning
(It's all I ever wanted, wanted
I'm breaking the warning down, down)
Breaking the warning down
