

# Warning

Nick Jonas

I keep trying to escape  
From this cage that I live in  
This prison in my head  
Oh I own many mistakes  
From all the things I never did  
I carry my defense  
Now I'm running for the fences on my own

And I can see the warning  
Yeah I can see the warning, warning  
It's brighter than the morning, morning  
Keeps trying to turn me right around  
And it's all I ever wanted  
It's all I ever wanted, wanted  
I'm breaking the warning down, down

I, I got something inside  
Keeps burning my body til it's sore  
Keeps wanting more and more  
Oh and I, I'm gonna find  
I'm gonna find what I have lost  
Unlearn what I was taught  
Now I'm running for the fences on my own

And I can see the warning  
Yeah I can see the warning, warning  
It's brighter than the morning, morning  
Keeps trying to turn me right around  
And it's all I ever wanted  
It's all I ever wanted, wanted  
I'm breaking the warning down, down

I'm breaking the warning (I'm breaking the warning)  
I'm breaking the warning (I'm breaking the warning)  
I'm breaking the warning down  
Now I'm running for the fences on my own

And I can see the warning  
Yeah I can see the warning, warning  
It's brighter than the morning, morning  
Keeps trying to turn me right around  
And it's all I ever wanted  
It's all I ever wanted, wanted  
I'm breaking the warning down, down

I'm breaking the warning  
(Yeah I can see the warning, warning  
It's brighter than the morning, morning)  
I'm breaking the warning  
(Keeps trying to turn me right around  
And it's all I ever wanted)  
I'm breaking the warning  
(It's all I ever wanted, wanted  
I'm breaking the warning down, down)  
Breaking the warning down
