

Bring Me Your Love

Nick Kamen

I don't wanna spend my life in sorrow
There's so many days and nights i got to get through
I think of all the times we shared
So sacred together.
I think about my life without
Someone like you
Bring me your love
Show me your heart
Tell me you can't say no
There's only so much time
Before i lose my mind
So bring me your love
You ask me to be strong
Hold on, it's hard to be patient
I know you're at home
Alone lying with him
I'm burning deep inside
My heart is twisting and turning
You're all i've got
I'll never stop caring for you.
Bring me your love
Show me your heart
Tell me you can't say no
There's only so much time
Before i lose my mind
So bring me your love
Bring me your love
Show me your heart
Baby i can't let go
I know you understand
My life is in your hands
So bring me your love
Twisting and turning
Twisting and turning
So you don't think it matters?
Well you're wrong,
What do you want from me?
Chorus repeat
Bring me your love (bring)
Show me your heart (bring)
Chorus out
