

Take Back My Hand Child

Nick Kamen

Kamen/Andersen/Guirey

Teacher can you tell me
Where did i go wrong
There's still so much to learn from you
It's hard to carry on

I wasted days, lonely days
Feeling sorry for myself
I've got to find peace of mind
It's you and no one else

Take back my hand child
I know who i am
Make up the time now
We both understand
I have learnt my lesson well
Now i long for you to tell
So take back my hand child

Teacher can you help me
Now that i am stronger
I only seem to turn to you
When things are going wrong

I'm trying hard to overcome
The fears i feel inside
I can't deny those lonely nights
The tears i hold inside

Take back my hand child
I know who i am
Make up the time now
We both understand
I have learnt my lesson well
Now i long for you to tell
So take back my hand child

Easy now, you know how i'm feeling
