

The Man in Me

Nick Kamen

The Man in Me
The man in me will do almost any task
As for compensation, there's a little he will ask
It takes a woman like you
To get through to the man in me.
It takes a woman like your kind
to find the man in me

When storm clouds are raging all around my door
I think to myself I just can't fake it anymore
It takes a woman like you
To get through to the man in me.
It takes a woman like your kind
to find the man in me

But, oh what a wonderful feeling
Just to know, just to know that you are near
and my baby, my baby
It sets my heart a-reeling
From my toes up to my ears.

The man in me will hide sometimes to keep from being seen
But that's just because he doesn't want to turn into some machine
It takes a woman like you
To get through to the man in me.
it takes a woman like your kind
to find the man in me

But, oh what a wonderful feeling
Just to know, just to know that you are near
and my baby, my baby
It sets my heart a-reeling
From my toes up to my ears.
