

Win Your Love (The Love mix)

Nick Kamen

Whoa oh oh oh little girl
How happy I would be
If some miracle
could win your love for me
Whoa oh oh oh little girl
How happy I would be
If some miracle
could win your love for me
Win your love for me
Win your love for me
Many's the day I've longed for you,
to hold you in my arms
Many's the night I've cried for you,
for your many charms
If you'd only come to me,
my heart wouldn't be full of sorrow
But now all I can do is hope and pray
that you'll come to me tomorrow
Whoa oh oh oh little girl
How happy I would be
If some miracle
could win your love for me
Whoa oh oh oh little girl
How happy I would be
If some miracle
could win your love for me
Win your love for me
Win your love for me
wo oh oh oh oh oh oh win your love for me
To me you are so beautiful, beautiful as a song
and whenever I look at you,
my heart beats like a tom-tom
If you'd only come to me
this torch I wouldn't have to carry
and if everything goes right,
to the church we will go to marry
