Win Your Love

Nick Kamen

Whoa oh oh little girl How happy I would be If some miracle could win your love for me (2x)

Win your love for me (2x) wo oh oh oh oh oh oh win your love for me

Many's the day I've longed for you, to hold you in my arms
Many's the night I've cried for you, for your many charms
If you'd only come to me,
my heart wouldn't be full of sorrow
But not all I can do is hope and pray that you'll come to me tomorrow

CHORUS

To me you are so beautiful, beautiful as a song and whenever I look at you, my heart beat like a tom-tom
If you'd only come to me this torch I wouldn't have to carry and if everything goes right, to the church we will go to marry

CHORUS
