

Ordinary Day

Nick Lachey

I wish I could tell you
the things I never got the chance to
I wish I was with you now
to see you smile again
I wish we had more time
but time goes by so fast

The moment comes and
Then the moment passes by
In the blink of an eye

And If I had one wish
I Wouldn't ask for money
I wouldn't ask for fame
I wouldn't ask for the power to
make this world change
If i could have one thing
that one thing that I would chose
is one more ordinary day with you
With you

I wish I could see you
and be there where my arms could reach you
i wish I could let you know
how much you touch my life
maybe a little time is all the time we get
The Words we long to say are words that go unsaid
You can go back again

But if I had one wish
I Wouldn't ask for money
I wouldn't ask for fame
I wouldn't ask for the power to
make this world change
If i could have one thing
that one thing that I would chose
is one more ordinary day
With you

I wish we had more time
Time goes by so fast
The moment comes and
Then the moment passes by
In the blink of an eye

But if I had one wish
I Wouldn't ask for money
I wouldn't ask for fame
I wouldn't ask for the power to
make this world change, no
If i could have one thing
that one thing that I would chose
is one more ordinary day
Just one more ordinary day with you
With you
