

Without You

Nick Lachey

I'm just laying in my bed (bed)
Hand up on my head (head)
Can't get any rest
Thinking what you said to me
That maybe we're not meant to be
You said I never made no time for you
More important things to do
Don't know how to open up
Never did the little things
I didn't know how much they mean
And I can't stand the rain no more
Cause now it hurts like never before
I can't go another day living with this pain in my life

Without you baby
I'd die... I'd die... I'd die
Cause I don't wanna live without you
Don't let me
Die, die, die...
It's killing me to be without you, without you

The mention of your name
Is driving me insane
It's getting way outta control
Cause I don't know how to let you go
All the promises I couldn't keep,
Unspoken apologies,
Places that we'll never see,
Things I never got to say
And hope that it's not too late
Cause you're the only one for me
And to be crazy not to see
Wherever you are
Whoever you're with
I miss you
And that ain't no way to live

When I'd die... I'd die... I'd die
Cause I don't wanna live without you
Don't let me
Die, die, die...
It's killing me to be without you, without you

I wish there was a way to get things back
To the times when you said you love me
Trying to figure out just where it got so bad
All I wanted was to make you happy
I'm losing all my strength, feeling so lifeless
You're the only love I know and that's why I'm holding (holding on to)

Cause without you, baby
I'd die... I'd die, (baby, I'd die)... die
Cause I don't wanna live without you
Don't let me
Die, die, die don't let me die
It's killing me to be without you, without you
Die... die... die

(And baby, I would die for you (3x))
Cause I don't want to live without you
Don't let me
Die... die... die
(And baby, I would die for you (3x))
It's killing me to be without you, without you
