

## Freezing

Nick Lowe

It's Freezing, Freezing  
windchill is twenty below  
whole town is under snow  
mercurys falling it just won't quit  
what are you you doing out in it  
come inside love  
into the warm

It's Freezing  
insides where you should  
don't try to argue with me  
out there its cruel and cold  
please do as your told  
come inside love  
into the warm

come inside love  
into the warm

It's freezing, freezing  
inside where should be  
dont try to disagree  
walk in and set me free  
from this yearning  
come inside love  
into the warm  
It's Freezing, Freezing
