

# Skin Deep

Nick Lowe

Promises promised  
In a moment of passion  
Melt in the morning

And soon forgotten  
Forever and ever  
Is just a fun idea

Love and affection  
Of the coveted kind  
It's just belly to belly

But never eye to eye  
A moment to treasure  
It's just a matter of time

Skin deep

The way you shake my hand and breathe so fine.

Skin deep skin deep

Yes this is a night of skin deep  
Love and affection  
Of the coveted kind

It's just belly to belly  
But never eye to eye  
A moment to treasure

It's just a matter of time

Skin deep

The way you shake my hand and breathe so fine.

Skin deep skin deep

Yes this is a night of skin deep

Heaven is her only for skin deep
