

Time I Took a Holiday

Nick Lowe

It's time I took a holiday
before I blow my top
I've got to kick my shoes off
before I drop
I want to go somewhere quiet
and not overlooked
so me and my baby
can go get cooked

It's time I took a holiday
before I blow my stack
I've got to turn the light down
and just relax
I want to get some attention
in my babys arms
and just be thrilling
to her tender charms
whoa oh oh yeah

I want to get some attention
in my babys arms
thats not to mention
all of her charms

It's time I took a holiday
It's time I took a holiday
It's time I took a holiday
whoa oh oh yeah

It's time I took a holiday
I'm tired, tired, so tired
