

# You Make Me

Nick Lowe

You make me  
It's out of my hands  
You see  
I don't wanna do wrong to you  
You make me

You make me  
I strive to be strong  
But I'm weak  
You say what useless excuse is this

You make me

I try with my might  
To have and to hold  
But there's something to it  
That I can't control  
See I haven't loosed my love  
I'm just confused by love  
You make me

You make me

You make me...
