I want to take his eyes out
Just for looking at you
Yes I do
I want to take his hands off
Just for touching you
Yes I do

And I want to rip his heart out Just for hurting you And I want to break his mind down Yes I do

And I want to make him
Regret life since the day he met you
Yes I do
And I want to make him
Take back all that he took from you
Yes I do

## [2x]

And I want to rip his heart out Just for hurting you And I want to break his mind down Yes I do
