

# Make Me Believe Again

Nickelback

Before this hits the ground,  
Before this fades away,  
I wanna let it out  
And I don't wanna wait  
So don't you let me down  
And don't you hesitate  
Before I turn around,  
Before I walk away,  
I want you to make me  
Make me  
Make me

Make me believe again  
In some kind of faith  
Help me to see again  
Before it's too late  
'Cause forever is never  
That far away  
Make me believe again,  
Make me believe again,  
I can't pretend,  
Make me believe again.

Make me believe again  
In some kind of faith  
Help me to see again  
Before it's too late  
'Cause forever is never  
That far away  
Make me believe again,  
Make me believe again,  
I can't pretend,  
Make me believe again.

If you could take the dirt  
And wash it all away  
If you could say the words  
That make me want to stay  
Just tell me there's a chance  
To Hell with all the blame.  
If you could take my hand,  
If you could lead the way,  
I want you to make me,  
Make me,  
Make me

Make me believe again  
In some kind of faith  
Help me to see again  
Before it's too late  
'Cause forever is never  
That far away  
Make me believe again,  
Make me believe again,  
I can't pretend,  
Make me believe again.

Make me believe again  
In some kind of faith  
Help me to see again  
Before it's too late  
'Cause forever is never  
That far away  
Make me believe again,  
Make me believe again,  
I can't pretend,  
Make me believe again.
