I judge by what she's wearing
Just how many heads I'm tearing
Off of assholes coming on to her
Each night seems like it's getting worse

And I wish she'd take the night off So I don't have to fight off Every asshole coming on to her It happens every night she works

They'll go and ask the DJ Find out just what would she say If they all tried coming on to her Don't they know it's never going to work

They think they'll get inside her With every drink they buy her As they all try coming on to her This time somebody's getting hurt Here comes the next contestant

Is that your hand on my girlfriend?
Is that your hand?
I wish you'd do it again
I'll watch you leave here limping
I wish you'd do it again
I'll watch you leave here limping
There goes the next contestant

I even fear the ladies
They're cool but twice as crazy
Just as bad for coming on to her
Don't they know it's never going to work

Each time she bats an eyelash Somebody's grabbing her ass Everyone keeps coming on to her This time somebody's getting hurt Here comes the next contestant

I'm hating what she's wearing
Everybody here keeps staring
Can't wait 'til they get what they deserve
