El Perdón (Forgiveness)

I know you moved on I heard you doing better without me Girl this is driving me crazy Can't you see what you doing to me

She let go She killed me when she said it was over Now I'm in the middle of nowhere And got no space to breath

I'm missing you baby Up all night going crazy Now my angel can't save me Oh no

I'm missing you baby Up all night going crazy Drinking my pain away...

Girl I'm not with you You're not with me And I don't like the way it feels

Esto no me gusta Esto no me gusta

Girl I'm not with you You're not with me And I don't like the way it feels

Esto no me gusta Esto no me gusta

Can't take the pain Can't take the hurt I wish that I could turn back time and say I love you I'd do anything to make it work, oh

Cuz even through the times they try to hate on us The only thing that mattered to me was our love Never will I stop, I'll never get enough

I'm missing you baby Up all night going crazy Now my angel can't save me Oh no

I'm missing you baby Up all night going crazy Drinking my pain away...
