

Oh oh oh

Oh oh oh

You touch me deep inside

My body comes to life

Every part of you, I can never miss

You take me to a place, how can I resist

You are a part of me

A Symphony that overflows

You bring it back, now here we go

Oh oh oh

Symphonica erotica

The notes you play, how they explode

Every time you bring me close

Oh oh oh

Symphonica erotica

Every part of you, I can never miss

You take me to a place, how can I resist

You are a part of me

A Symphony that overflows

You bring it back, now here we go

Oh oh oh

Symphonica erotica

The notes you play, how they explode

Every time you bring me close

Oh oh oh

Symphonica erotica

You touch me deep inside

My body comes to life

My body comes to life

My body comes to life
