

Symphonica

Nicky Romero

Oh oh oh

Oh oh oh

You touch me deep inside
My body comes to life
Every part of you, I can never miss
You take me to a place, how can I resist
You are a part of me

A Symphony that overflows
You bring it back, now here we go
Oh oh oh
Symphonica erotica
The notes you play, how they explode
Every time you bring me close
Oh oh oh
Symphonica erotica

Every part of you, I can never miss
You take me to a place, how can I resist
You are a part of me

A Symphony that overflows
You bring it back, now here we go
Oh oh oh
Symphonica erotica
The notes you play, how they explode
Every time you bring me close
Oh oh oh
Symphonica erotica

You touch me deep inside
My body comes to life
My body comes to life
My body comes to life
