I Killed The Zeitgeist

Nicky Wire

I killed the zeitgeist Ground it all to dust Left myself alone Digging deeper holes

I killed the zeitgeist Switched off all the lights Glazed like aching snow All metaphors for love

When I look at the sea No reflections will appear Pain like the shattering of glass Tearing us all apart

I killed the zeitgiest Anschluss within your heart Ich bin ein Newporter Das zeitgeist uber alles

I killed the zeitgeist Ground it all to dust Left myself alone Digging deeper holes

When I look at the sea No reflections will appear Pain like the shattering of glass Tearing us all apart

I killed the zeitgeist I killed the zeitgeist Do do do
