

## Withdraw Retreat

Nicky Wire

Holes full of bullshit, withdraw retreat  
Futures built on sand, withdraw retreat  
Concrete bunkers evermore, withdraw retreat  
Even the clothes I'm in, withdraw retreat

I'm undone, I've seen through the dying of the sun  
But that's enough to keep and dream on  
When I'm in these walls well at least it keeps me real  
But outside the world seems so fucking cheap  
The world seems so fucking cheap

Plenty for us to kill, withdraw retreat  
All we touch grows ill, withdraw retreat  
Logos surround the view, withdraw retreat  
Even the clothes I'm in, withdraw retreat  
Time to admit defeat

The stasi is after me, withdraw retreat  
Nature's secret police, withdraw retreat

Holes full of bullshit, withdraw retreat  
Futures built on sand, withdraw retreat  
Concrete bunkers evermore, withdraw retreat  
Even the clothes I'm in, withdraw retreat

I'm undone, I've seen through the dying of the sun  
But that's enough to keep and dream on  
When I'm in these walls well at least it keeps me real  
While outside the world seems so fucking cheap  
Socialise at will  
Give a smile until  
You become so sick  
And your mouth won't work
