

Iron Man

Vega, Nico

You are relentless in the way that you ask me
So many questions of my days in the city
I wish that I could tell you something
But I'm a hostage of my pride
I'll take all the heat you're packing
Cause I'm an Iron Man
I'm an Iron Man

You are relentless in the way that you know me
And I'm a sheep when it comes to explain'
I wish that I could keep you happy
I wish that I could keep you young

Please forgive me for the distance
But I'm an Iron Man
I'm an Iron Man

You are relentless in the way that you love me
And I'm afraid of the thoughts that you're making
I wish that I could know the difference
Between your smiles and your frowns
Now I'm buried in the armour
Cause I'm an Iron Man
I'm an Iron Man
