

Rabbit In The Bag

Vega, Nico

Underneath a colored sky of eyelids
I will lay upon my back and say
I'm sorry for the ladies that live through this
What can we do but keep getting higher?

We're taking them drugs to keep from the liars
No one ever said it would be this packed with shit
All the white man keep the rabbit in the bag with it
The blessed and the doomed shake hands in triumph

Knowing they were equal all the while
And some one robbed this country of its questions
Do you mind being left outside of it all?
