

# Girl You Look Amazing

Nicole Atkins

Loosing the night  
We visit town  
It's a bumping along  
Meant to man down

Another fight  
Dozen rounds  
Watching sped up scenes  
From "Broken machines"

Life's a pearl for the nowhere girl  
Oh, darling, see what you're missing  
Don't worry I can't tell that you  
Was someone else when I kissed you

He said girl, you look amazing  
This part is over, now I'm 'bout to take you home  
Girl, you look amazing,  
I never wanna, no, I never wanna go

If we got heartbeats to spend  
I'm gonna spend my night cashing them in  
Loosing the night  
We visit town  
It's a bumping along  
Meant to man down

In the gutter you discover  
All the things you miss  
You wanna take me by the hand  
And show me a love I would never understand
