

# Snowshakes

Nicole Atkins

Got a crick in my neck  
Spring in my back  
A prick in the bed  
And he's ruinin' my day  
Feeling bereaved  
Late afternoon sleep  
Sometimes the drugs don't keep you goin'

All of the lights  
Where did they go?  
Can you keep the door cracked?  
Keep the kitchen light on?  
Let the radio go on  
Laughter I'm long gone  
Keep the kitchen light on  
So I feel home again

Snowshakes oh I'm shivering  
I'm seeing it all but I feel the pull  
It's raining out here while I leave you to dry  
I'm drowning outside  
I'm drowning out...side

I don't feel so well  
I don't feel sooooo weellll

Snowshakes Snowshakes oh I'm shivering  
You can see it all but I feel the pull  
It's raining out here while I leave you to dry  
I'm drowning outside  
I'm drowning out...side
