

## The Worst Hangover

Nicole Atkins

I took a shot with bullet fight all night  
... the town into the other side  
My scenes from amber, these things are too well  
Just pin my memory on the carousel, round and round

Operator, operator, give me no. 911  
I'm dying, I'm dying

You never think I'm as bad as I do  
Now get a whip, cry at the noose  
It's a lush live out on broken shells  
Just pin my memory on the carousel, round and round

Operator, operator, give me no. 911  
I'm dying, I'm dying

Don't keep me waiting on the telephone  
Quickly

Operator, operator, give me no. 911  
I'm dying, I'm dying
