

I'd like to see you more than on just holidays  
'Cause I really miss you,  
When Christmas is so far away  
Love like a snowflake,  
Catch it before it's too late  
And if I could freeze time, this season  
Would come every day

'Cause I would love for Christmas to stay 365 days  
No one dear would be far away  
Love would be the gift away  
Love would be the gift we gave 365 days  
The laughter of children,  
More food than I'll ever taste  
Good friends and family surround me as I celebrate  
God in a manger and miracles that we attain  
I pray that this year good will and peace would remain
