

I'd like to see you more than on just holidays
'Cause I really miss you,
When Christmas is so far away
Love like a snowflake,
Catch it before it's too late
And if I could freeze time, this season
Would come every day

'Cause I would love for Christmas to stay 365 days
No one dear would be far away
Love would be the gift away
Love would be the gift we gave 365 days
The laughter of children,
More food than I'll ever taste
Good friends and family surround me as I celebrate
God in a manger and miracles that we attain
I pray that this year good will and peace would remain
