

So In Love

Nicole C. Mullen

Have you ever noticed
When I begin to focus
I really wanna show this
In all that I do

It's written in the stars
And shining in the heavens
No weak infatuation
For me will do

I'm so in love with you
I'm so in love with you
I'm so in love with you
Oh yeah, oh yeah, oh yeah

Have you ever noticed
When I begin to focus
I really wanna show this
In all that I do

It's written in the stars
And shining in the heavens
No weak infatuation
For me will do

Roses are red
Violets are blue
I can't help but smile
When I think of you
