

Big Fat Lie

Nicole Scherzinger

Oh, yeah!

Oh, yeah!

I ain't never had my heart broken,
When I say that I should start chocking
I could say I never liked a father figure
But I only seek up meant to be my father figure
I'm never alone, I'm so famous
The seal I'm scrappin' is to make it painless
I am so pretty, uh
God, you're so good uh
California days they say that never ends,

But why does it seems my make-ups never dry!
And if my life's like a perfect sky, why I feel gray inside!
And if I'm living such a wonderful high, why don't feel alive!
But I'ma keep my tears to me
But the truth between me and you is

Now I'm living a big fat lie, lie lie lie lie lie
You know I love to lie, lie lie lie lie lie
I'm living a big fat lie, lie lie lie lie lie
You know I love to lie
If you look past my features, just a little deeper
I'm living a big fat lie
(So so so so pretty girl
You're so so pretty girl
So so so so pretty, pretty girl)

Edit all my picture, make my legs thinner
Eyes just a little lighter, now make my ass just a little bigger
Now add all to my tongue, big smile, take a bow
Go with it, read the prompter!
California days they say that never ends,

But why does it seems my make-ups never dry!
And if my life's like a perfect sky, why I feel gray inside!
And if I'm living such a wonderful high, why don't feel alive!
But I'ma keep my tears to me
But the truth between me and you is

Now I'm living a big fat lie, lie lie lie lie lie
You know I love to lie, lie lie lie lie lie
I'm living a big fat lie, lie lie lie lie lie
You know I love to lie
If you look past my features, just a little deeper
I'm living a big fat lie

Only a problem has all the answers
That's the secret
Uh, and I don't want to feel you
But I wish I could tell you
It's our little secret.

You know I love to lie, lie lie lie lie lie
You know I love to lie, lie lie lie lie lie
I'm living a big fat lie, lie lie lie lie lie

You know I love to lie, lie lie lie lie lie
If you look past my features, just a little deeper
I'm living a big fat lie
