Heartbeat Heartbeat Heart-heartbeat Heartbeat Heartbeat Heart-heartbeat

I saw you talking on the phone And know that you were not alone But you stealing my heart away Yeah you're stealing my heart away

You're acting like you're on your own But I saw you standing with a girl (hmmm) Stop tryin' to steal my heart away Stop tryin' to steal my heart away

I don't know where we going? I don't know who we are?

I can feel your heartbeat I can feel your heartbeat (he said to me) I can feel your heartbeat (running through me) Feel your heartbeat She said I can feel your heartbeat (she said to me) I can feel your heartbeat (she said to me) I can feel your heartbeat (running through me) Your heartbeat, feel your heartbeat

Maybe it's the way you move You got me dreaming like a fool That I could steal your heart away I could steal your heart away

No matter what it is you think I'm not the kind of girl to break And give my heart away Stop trying to steal my heart away

I don't know where we going? I don't know who we are?

I can feel your heartbeat (he said to me) I can feel your heartbeat (he said to me) I can feel your heartbeat (running through me) Your heartbeat Feel your heartbeat She said I can feel your heartbeat (she said to me) I can feel your heartbeat (she said to me) I can feel your heartbeat (running through me) Feel your heartbeat

Stop stealing my heart away Stop stealing my heart away Stop stealing my heart away You're stealing my heart away I don't know where we're going I don't know who we are It feels like we are flowing High above the stars, stars, the stars, the stars

I can feel your heartbeat (he said to me) I can feel your heartbeat (he said to me) I can feel your heartbeat (running through me) Your heartbeat Feel your heartbeat

Stop stealing my heart away (Just tell it to me girl)
Stop stealing my heart away (Ooo) (Give it to me boy)
Stop stealing my heart away
Your heartbeat, your heartbeat
