Try with Me

Nicole Scherzinger

And you said, leave your keys on the counter And you said, call me back at eight I don't care, that you left me there for hours But you said, we had what it takes

Why's it feel like you're there When you're already gone Why's it feel like you care When I know that you don't Everybody needs a chance at love That's all we need If you wanna have a chance at us Then try with me

Too proud for love, he tells me Too hurt to give it one more shot Don't drawl me in, he warns me But now it's too late to give up

So don't say, you'll leave your keys on the counter And don't say, you'll call me back at eight

Why's it feel like you're there When you're already gone Why's it feel like you care When I know that you don't Everybody needs a chance at love That's all we need If you wanna have a chance at us Then try with me

Don't say a word

If you know that it hurts

You know that it hurts

You know that it hurts

Don't say a word

If you know that it hurts

You know that it hurts

You know that it hurts

Why's it feel like he's there
When I know that he's gone
Why's it feel like he cares
When I know that he don't
Everybody needs a chance at love
That's all we need
If you wanna have a chance at us
Then try with me

Then try with me Then try with me Oh, try with me

Don't say a word

If you know that it hurts

You know that it hurts

You know that it hurts

Don't say a word

If you know that it hurts
You know that it hurts
You know that it hurts
