

# Eyes Better Not Wander

Nicole

hey there you boy i've done had it with this  
all day i've been watching your ways  
it seems when the ladies walk by  
you're head can't keep from turning see finally I'm learnin  
oh no way not me i'm not havin that there  
i see soon we'll be headin our own ways  
there's no explanation for me  
cause you can't be huggin on me when you're eyes are across the street oh

CHORUS

i could care less in how hard it may be  
your eyes better not wander while you're walking next to me  
if she's so fine then that's where you should be  
your eyes better not wander while your walking next to me, oh

ok, that's it, I'm not feeling like this

i see, I'm just cramping, your style

boy don't you walk faster than me

lemme holla at cha later

i refuse to be a hater

go head, get that, you go kick it with her

don't trip, I'm gonna find me a, new friend

it's so disrepectful to me

when you're hangin out with me, but your eyes are across the street, oh

CHORUS (REPEAT)

don't go let em wander wander wander wander wander

CHORUS (REPEAT TO FADE)
