## **No Way**

No way! Blood in my hands Confused in my head That was a nightmare I got a shitty pain I was caught in a rain I was in my bed It was out of control Of my body

I think I have a disease An illusion is now in my eyes

No way! Blood in my vein Made me lose my head That was a nightmare I got a shitty pain Deep in my brain I was in your bed It was out of control Of my body

I think I have a disease An illusion is now in my eyes

My body was stolen By the unknown strangers I just wanna hold on I just wanna hold myself Nicotine
