

How To Eat A Scythe

Night In Gales

Stardrugged upon that worm's back
The casketcrew is in for the show
Of psychophonics from below

Down the sunpus course
For a word of all that never was
Stoke up the silvermouthmachine
And snatch it's terrortongue with a grin
Gonna give you some more killing ink
Some more unlight
And i'll show you how to eat a scythe

Throatkickin' bladefood at astrospeed
With a tombwormsmile
Ink to rain and rain to ink
All planetflesh to poisonsoil

Down the sunpus course
For a word of all that never was
Stoke up the silvermouthmachine
And snatch it's terrortongue with a grin
Gonna give you some more killing ink
Some more unlight
And i'll show you how to eat scythe
