

The Tenmiletongue

Night In Gales

deathdischargin' bulletcock
in for some astrocoffinrock
with a wordwarpin' dustthroat's spin
kickin' off another silvergrin
a nevernight's nethersight
psiloblast and casketlights
ridin' the neonink tonight

so tells the tenmiletongue
that licks the word it's nailed upon

coffinmilk and bastardbone
the ultrasonic filthparole
through silvercosmochemicals
to another's words from verminwells
a nevernight's nethersight
psiloblast and casketlights
ridin' the neonink tonight

the spacescythe's out
to cut some throats again
and i guess mine will be next

so tells the tenmiletongue
that licks the word it's nailed upon
