

# Man In Motion

Night Ranger

think about you  
I think about me  
I think about love, oh yeah  
How I want it to be

When I think about love  
I never wait  
Dinner for two, me and you  
I'll get ya home by eight, yeah

All I wanna do  
Is to make it with you  
All I wanna say  
That I just can't wait

Talk about me  
I'm a sign of the time  
Gotta life kicking in  
Hangin' out I'm in overdrive

Think about love  
Give it what I got  
My sights on you  
Ooh, baby shoot, shoot, oh yeah

All I wanna do  
Is to make it with you  
All I wanna say is baby

I will be, I'll be your man in motion  
I want you, I want you all night long  
I will be, I'll be your man in motion

Think about you  
Cold steel in your eyes  
Need it so bad, oh yeah  
Gonna dress you up and take you for a ride

When I'm next to you  
Call it love  
Call it passion  
Call it anything just call me to you

All I wanna do  
Is shake it with you  
(Shake, shake, shake)  
All I wanna say is baby

All I wanna do  
Is shake it with you  
All I wanna say is baby
