

# This Boy Needs To Rock

Night Ranger

Kid out of touch  
Laying down with a dream  
On a runaway night  
Got a feel for the scene  
A girl with lots of tricks  
Like to lay them on me  
I'd forgotten what it's like  
To be seventeen

Well I say fast  
She say slow  
And so the story goes  
She say stop  
And I say go, and go, and go, and wow  
This boy needs to rock

Tonight, tonight, tonight  
This boy needs to rock  
[3x] Tonight, tonight, tonight  
I need to rock

Up real late  
Trading money for kicks  
She got all of the moves  
I got all of the licks  
She can tear at my heart  
I'm always begging for more  
She can cut me real deep  
She can take me real far

Well, I say fast  
She say slow  
And so the story goes  
She say stop  
And I say go, and go, and go, and wow  
This boy needs to rock

Tonight, tonight, tonight  
This boy needs to rock
